## Inactive Status Request Form

### To have your Arkansas Home Inspector Registration placed on Inactive Status.

A registered Home Inspector in Arkansas may enter Inactive Status for the remainder of any calendar year at no cost. In order to initiate or renew Inactive Status for subsequent calendar years, a \$25 fee is required each year. Either option requires that this form be filed with the Board, and requires that the home inspector currently be in Good Standing with the Board. Requests to initiate or renew Inactive Status for the coming calendar year must be received at the Board office by December 1<sup>st</sup> of each year along with the renewal fee. Registered Home Inspectors on Inactive Status shall receive one notification each year to renew their Inactive Status, or reactivate their registration, by certified mail sent to the last address submitted to the Board. Renewals of Inactive Status are subject to the same late penalties as Active Registration renewals.

**If you file to have your license placed on Inactive Status, you are no longer licensed to do home inspections in Arkansas until you have reactivated your license.**
